HOW TO SEPARATE YOUR RUBBISH CORRECTLY!

Basically, only used packages made of metal, plastic and composites, and natural materials belong in the Yellow Sack / the Yellow Bin, i.e. what are called lightweight packaging. The packages should have been emptied of all residues, but not rinsed, before being put out for us to collect.

The following belong in the Yellow Sack / the Yellow Bin, e.g.

Beverage cartons Butter wrappers Buttermilk tubs

Chocolate foil wrappers
Chocolate marshmallow cartons

[plastic]

Cotton bags and nets Edible oil bottles (plastic)

Icecream packaging (plastic)
Medicine blister-packs
